Certified Christian Insurance Advisor (CCIA)

The Certified Christian Insurance Advisor must be aligned with the principles God has laid out, which is the easy part. The hard part is becoming the voice of God as you help your clients understand and apply Stewardship, Legacy Planning and Biblical Responsible Investing principles over their financial affairs.

Alan Ross, who leads the training, is the founder and CEO of Kingdom Companies. Alan has been instrumental in helping hundreds of financial planning and insurance advisors build strong, viable, Spirit-led practices.

Sponsored by Kingdom Quest Financial, the CCIA training may be the most important investment in time and talent you will ever make and it is KQF's support for Kingdom Companies and the Fellowship of Christian Insurance Advisors International (FCIAI) that allows us to offer the CCIA program at no cost to the Advisor.

Classes are limited to 12 advisors to allow for personalization and greater interaction. A Pre-session assignment will provide Alan the background he needs to support your work as you establish a Kingdom Practice.

Format

To make the CCIA training accessible to as many insurance advisors as possible, the CCIA training program will be conducted via Webinar. Prior to the first meeting, participants will receive log in details for the webinar meetings.
